# a new york state of bliss

spoil everyone on your list in a new york minute  
with these spaaah-inspired gifts by bliss

As the city where bliss first started spreading the 'dews', we consider New York our 'foam' sweet 'foam'.

But aside from holding a special place in our beauty-obsessed hearts, it's also the most 'mega' metropolis for making merry during the holiday season.

It's got glitz, glamour, and enough seasonal spirit to make even the gloomiest grinch grin. So this year, we're saluting the city—and our roots—with sets that let you take both the Big Apple and the spa home.
