introducing the new poetic brow shaping sugar wax kit

new! poetic brow shaping sugar wax kit

Get your brows in shape with **poetic sugar wax**, a no-heat, water soluble formula that allows no room for error. Fool proof, the wax spreads easily where you want it, and washes off where you don't. Follow with the included **poetic calming balm** that has a chamomile and aloe blend to soothe post-wax irritation and a hair minimizing active that helps prolong the reappearance of unwanted fuzz.
