## bliss spa 'salves' the day

### introducing bliss problem salved™ a 20-in-1 wonder balm

You wax. You tweeze. You sniffle. You run your cuticles and your heels ragged. You subject your skin to too many microderms and maybe just a little too much sun worshipping. And you can't figure out how to tame those unruly eyebrows or flyaways.

The busybodies at **bliss** have developed a one-stick wonder for your myriad of beauty mishaps. The result? **problem salved™**, a compact multi-purpose rescue remedy designed to:

- \* soothe sunburn and windburn
- \* soothe skin after waxing small areas, such as eyebrows or upper lip
- \* soothe stinging and itching from insect bites
- \* moisturize chapped heels, elbows, knees
- \* moisturize chapped noses due to colds, the flu or allergies
- \* soothe stressed skin caused by dermatological procedures, such as micro-dermabrasion and AHA treatments
- \* prevent runner's chafing
- \* prevent shoe blisters
- \* nourish your cuticles to enhance your manicure
- \* tame flyaways in hair
- \* groom eyebrows
- \* provide a quick fix up for make-up mistakes

'salving' one beauty woe at a time with:

- **proprietary anti-irritant complex** a patent-pending blend of ginger extract and natural bisabolol that has been proven to work synergistically as a potent, new-age anti-irritant.
- **mango butter** traditionally used for its skin softening, soothing, moisturizing and protective properties.
- **kukui nut oil** used to soothe sunburn, windburn, heat-induced burns, and chapped skin. Quickly absorbs into skin without an oily/greasy after feel and provides a protective shield, effectively locking in moisture. Contains vitamins A, C and E.
- **tea tree oil** natural anti-bacterial properties soothe insect bites and stings, and can be used on the most sensitive skin.

**instructions for use>** 'Stick' it to your beauty woes by applying **problem salved** anywhere from head to toe. (Just be sure to skip the lips.)
